Take it

Box 3: Stage 12

g sounding **/j/**

e.g. **gem, page**

g sounds **/j/** when there is an **i, e** or **y** after it.

Words like **'page'** can be practised in the Get it game, slightly more complex words like **'rigid'** can be found in the Match it game and the hardest words like **'energy'** can be found in the Take it game.

The reader sounds out the phonemes in the word and blends them, in order, from left to right all through the word and then reads the whole word.

N.B. at this stage introduce
- the words 'through', 'no-one', 'done' and 'despair'

Play trugs "Take it" (for 2-4 players)

Shuffle the pack and place it face down between the players Player1 takes the top card and holds it in their hand so that no-one else can see it. They then read the word out loud (and maybe ask another player to spell it?).

Player 1then places the card down on the table in front of them. Next Player does the same.

When a player picks up a card with a word that is the same colour (set) as a fellow player's, then he/she takes all the cards of the same colour (the same set) and adds them to theirs!

Read all the words in that set out loud

Continue with the cards being collected in sets, being taken by the players when they pick up the relevant corresponding cards

The player with the most sets of cards at the end is the winner
